Hafa adai and Tirow Honorable Governor Ralph Torres,

Because we value the right of the people of the Commonwealth of the Northern Mariana Islands to be informed of any federal plans that may affect our economy, health, and homeland, it is with gratitude and appreciation that we send you this letter supporting your request that the US Department of the Navy extend the 30-day review period for the MITT Final Supplemental Environmental Impact Statement.

We want to reiterate our belief that given both the length of the document and the myriad of challenges caused by the Covid-19 pandemic, 30 days is simply not enough time for our community to meaningfully engage with the SEIS.

Si Yu'us Ma'ase and Olomwaay,

Our Common Wealth 670
